BUILD N' SHRED SKATEPARK

WITH SKATER LEO

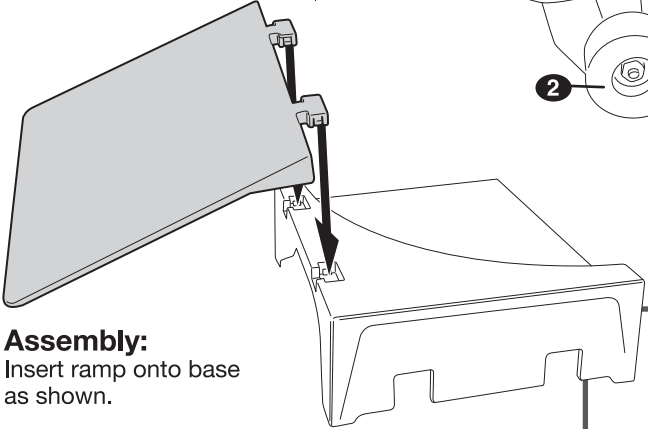

Stickers:
Attach stickers as indicated.

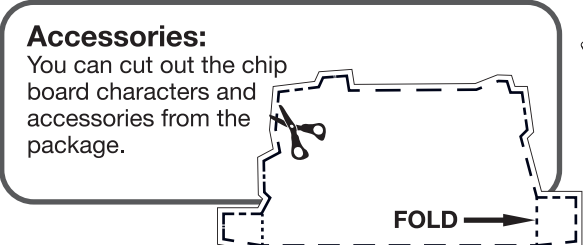

Gear Shifter:
Move the switch to 'I' for one wheel power, or 'II' for two wheel power.

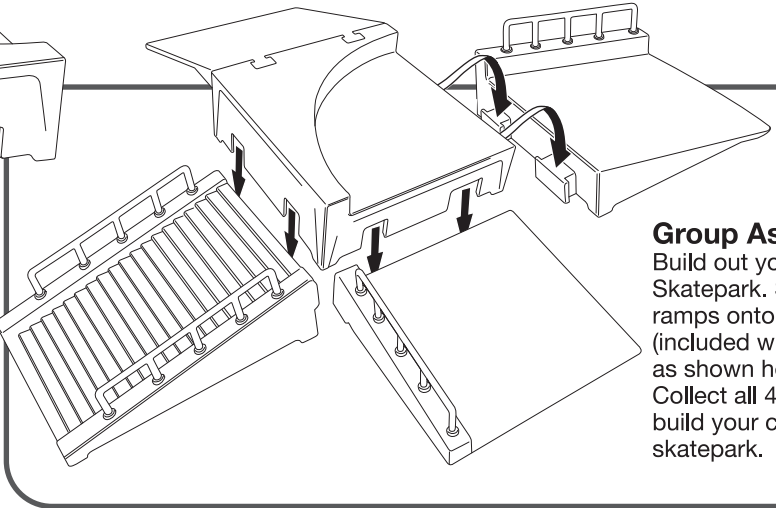

Assembly:
Insert ramp onto base as shown.

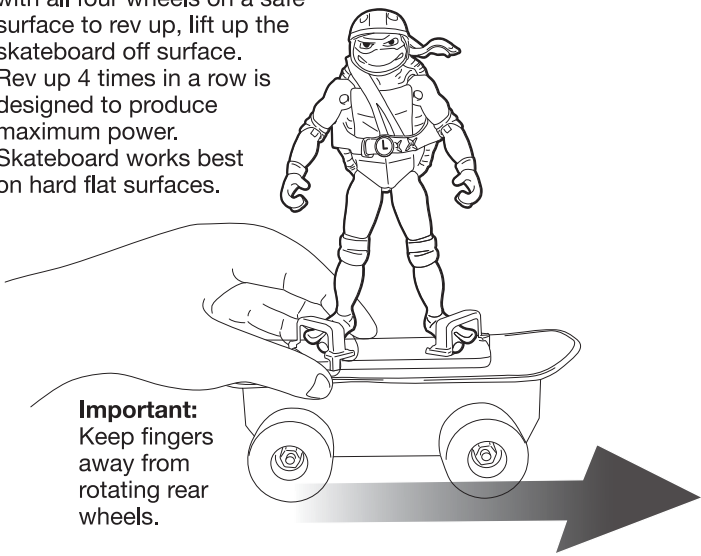

Accessories:
You can cut out the chip board characters and accessories from the package.

Group Assembly:
Build out your own Skatepark. Snap the ramps onto the base (included with Leo) as shown here. Collect all 4 sets to build your complete skatepark.

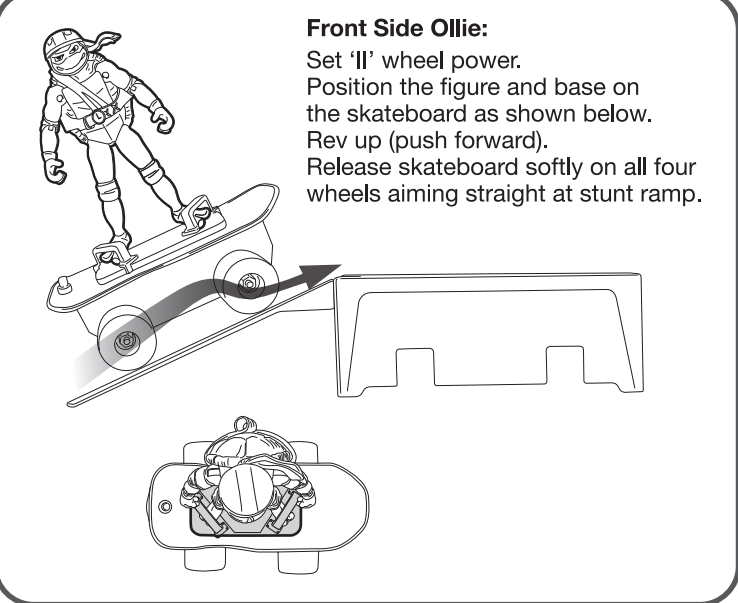

To Rev Up:
Grab skateboard and push forward with all four wheels on a safe surface to rev up, lift up the skateboard off surface. Rev up 4 times in a row is designed to produce maximum power. Skateboard works best on hard flat surfaces.

Important:
Keep fingers away from rotating rear wheels.

Front Side Ollie:
Set 'II' wheel power. Position the figure and base on the skateboard as shown below. Rev up (push forward). Release skateboard softly on all four wheels aiming straight at stunt ramp.

Ages 4 and up
